

Compressed Air Plant Hose 300psi

Application

General industrial applications factory air lines
Compressed air in garages and service stations
Automation machinery and service stations
Pneumatic tools and nail guns

Features

- High pressure resistance
- Excellent and easy to handle
- Good flexible and durability against climate abrasion, chemical agent
- Meets the international standard coupling according to the order

Temperature: -5°C to + 65°C

Construction

Inner layer black pvc tube, outer layer yellow smooth tube, with reinforced polyester yard.

Part No:	ID	OD	W.P Bar	B.P Bar	Weight	Temp	Material
PTH-1/2-100	13mm	20mm	20	75	37Kg/roll	-5°C to + 65°C	PVC
PTH-3/4-90	19mm	28.5mm	20	48	40.7Kg/roll	-5°C to + 65°C	PVC
PTH-1-60	25mm	34.5mm	20	40	34Kg/roll	-5°C to + 65°C	PVC
