

Automotive Tubing & Hose

Nylon 12 Airbrake Coils, DIN 73378, SAE J 844 Type B

Material: Nylon 12

Temp. Range: -40°F ~ +176°F (-40°C ~ +80°C)

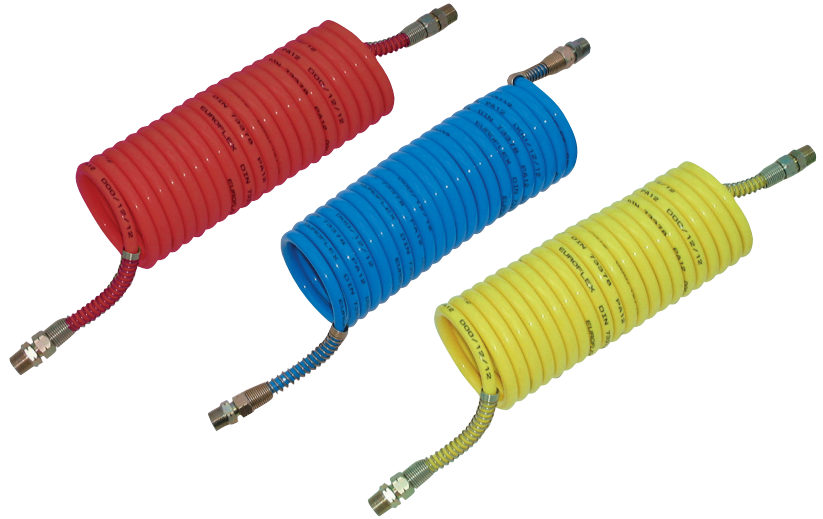

Working Pressure: 3 to 1 safety factor

Tube O.D. Tolerance:

1/8" - 3/8" OD ± 0.005

Features:

- Heat and light-stabilized
- Excellent chemical resistance
- Excellent abrasion resistance
- Exhibits low-level water absorption
- Excellent elastic memory
- Silicon-free
- Low moisture absorption.
