

Suction Hose

Heavy Duty Suction Hose

Smooth inside and outside not restricting tube.
The ridged PVC spiral resists crushing impact.
High abrasion resistance and easy to transfer powder.

Applications:

- Suction discharge for sand, gravel, cement and iron & etc
- Construction, civil engineering, agriculture and ships
- Transfer of powder and granules
- Suction and press-transfer of various grains

Chemical Resistance:

Resistant to most oxidising and reducing agents and diluted acids and alkalis.
