Technical Description

Stable Steps provide safe and comfortable access to a range of apparatus in industrial environments. The high-strength, welded tubular construction ensures stability and long service life with maximum stability thanks to the wide standing surface. The robust construction means they are a solid stationary solution that remains both lightweight and portable as required.

- » High strength welded aluminium construction
- » 500 x 250mm staircase like treads
- » Comfortable wide standing surface

Standards & Classification

- » Maximum Static Vertical Load (MSVL) 150kg
- » EN14183

Warranty

- » 5 Years
