

Hose Reel: Accessories

Stainless Steel Pivoting Wall Brackets

Kiowa Stainless Steel pivoting wall brackets are also available from stock as an optional extra to the standard fixed hose reel units. Pivoting wall brackets allow side to side rotation for most spring rewind hose reels which give a wider coverage of the work area and ease the possibility of hose stacking during recoil. Spans range from 140° - 180° and will prolong hose life and eliminate side strain on the hose reel guide arm/s.

Product Code	For Reel Series
HR-ST15	HR-AV1000
HR-ST20	HR-AV1100 / HR-AV1200 / HR-AV1200-1
HR-ST22	HR-AV1300 / HR-AV1300-1
HR-ST30	HR-AV3500 / HR-AV3501 / AV-3502
HR-ST50	HR-AV5000-1

Also available powder coated.
