Technical Description

The Little Giant Safety Step is a unique combination of strength and simplicity featuring slip-resistant steps that give you unmatched comfort and stability. The Safety Step is constructed with super-strong, lightweight aerospace grade aluminum and operates so easily that you can open and close it with one hand. Its slim storage depth (12cm) will let you store it just about anywhere. Engineered for professional and industrial use, the Safety Step is tested to hold up to 150kg on each step. This tough, compact stepladder can handle just about any task, from the lightest office chore to the heaviest industrial job.

- » Open and close it with one hand
- » Tough compact construction for industrial use
- » Folding safety bar with integrated tool tray (on 3 & 4 tread only)
- » Tip & Glide wheels for easy movement around site
- » Save space and store in only 127mm of space
- » Large 360mm deep 'platform' style treads

Standards & Classification

- » Max Load 150kg
- » EN14183

Warranty

- » Lifetime Warranty

Commodity Code

- » 76169990
