P3LF is a 40mm lightweight particulate filter, 1/4" ported BSPP/NPT, 5 μ & 40 μ element, polycarbonate bowl fitted with manual/semi-auto drain.

PART NUMBER:

P3LFA12EPSN

Specifications

Micron Rating (MM)

40

Port Size

1/4 inch

Port Type

BSPP

Housing Material

High Tech Polymer

Body Material

High Tech Polymer

Bowl Material

Polycarbonate

Element

5 micron

Drain Option

Pulse drain

Seal Material

Nitrile

Working Temperature

0°C to +50°C (+32°F to +122°F)

Maximum Working Pressure

10 (Bar) 150 (PSIG)

Maximum Flow Rate

65 (SCFM) 30.5 (DM3/S)

Weight

0.11(KG) 0.24(LB)
